

Weekend Drawing Challenge

- Funny Monsters

This week and next week we have been taking part in a Drawing Festival called Go Draw in School. Here is a fun drawing game that you can try at home over the weekend. Try and involve as many of the family as possible!

All you need is a dice, some paper to draw on, and some pencils.

Take it in turns to role the dice.

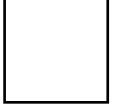

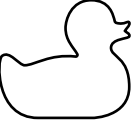

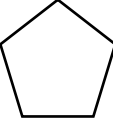

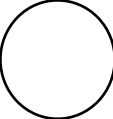

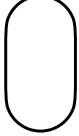

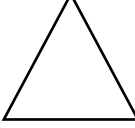

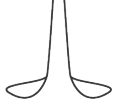

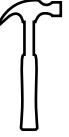

In the first round the number on the dice will show you what your monster's body will look like. Make sure you draw it a good size, so you can add all the other body parts!

When you have the body parts drawn, take it in turn to role the dice again - this time adding the body parts.

Round 6 is the extra object round - this to make the monster even funnier. Could your monster be riding the duck, or playing the trumpet (badly!) or anything else with the extra object?

When you have drawn your monsters perhaps you could colour them in, cut them out, and stick them on a background as a 'Family of Funny Monsters'

Why not bring your drawings to school on Monday so your teachers can see how much fun you had?
