

Go Draw at Home

As part of the Go Draw drawing festival here are a few ideas to get you drawing at home! Some you can do by yourself some you need others to join in! Have fun and remember to Go Draw!

Funny People

This is best done with four people but you can do it with less.

Fold 4 piece of paper in half and then in half again. This should give you 4 sections on each piece. In section 1 on each piece draw the head of your funny person. Then fold it over so no one can see it apart from a little part of the neck.

Then give the picture to someone else to draw a body in section 2. Then fold the paper over so no one can see either the head or the body apart from a little bit of the body (so the next person knows where to draw the next bit).

Then give the picture to someone else so they can draw the legs.

Yes, you've guessed it... fold over and pass the paper on for someone else to draw feet!

Make the drawings as detailed and as funny as you can! When the last person has drawn the feet you can open up the pictures and see what the whole funny person looks like!

Rainbow Drawing

Have a look around your house. See if you can find objects that are each of the colours of the rainbow. In each box draw the objects you have found. You can draw more than one thing for each colour!

yellow

orange

red

violet

indigo

blue

green
